HOW TO USE THIS BOOK

Every unit follows the same route — from speaking and vocabulary, through two articles, grammar and academic writing, to real **Multilevel (CEFR)** exam practice in all four skills.

Warm-up speaking
Start each unit on the cover: discuss the four questions with a partner, about 30 seconds each.

Article & Vocabulary
Match the key words to their meanings first, then read Article 1. Words in red are the unit's key vocabulary.

Match the heading
Skim each paragraph of Article 1 and choose its heading. One heading is extra.

Language development
Learn collocations as whole chunks from the table, then use them to complete the sentences.

Article 2 & Discussion
Choose the meaning of each word in bold, read the second article and discuss the questions.

Grammar for writing
Study the rules and the blue examples, then do Exercises A and B.

Academic writing
Practise one academic writing skill and finish with a short writing task.
